

PERMISSION FOR SCHOOL COUNSELING

Dear Parent/Guardian:

Link Community School offers short term individual counseling to students. Parents/guardians or school staff may refer students for counseling. Students on their own may request counseling, however we need prior parent consent. Therefore we ask you to complete this form for the school to have on hand in the event the need for counseling arises. Signing of this form does not mean a child will automatically be seen for services

In order to build trust with the child, the school social worker will keep information confidential, with the following exceptions. Since this is a school setting and to better help your child, the school social worker may share information with you, teachers and administrators on a "need to know" basis. The school social worker is required by law to share information with parents or others in the event the child is in danger of harming him-or herself or others. Students will be aware of these limits to confidentiality when starting services and will be told when information is shared with others.

I hope your child will enjoy and benefit from the services offered, and I welcome and encourage meetings, phone calls and emails from parents/guardians with any questions, input or concerns.

Sincerely,
Erika Turner, MSW, LCSW
School Social Worker

Please return this form to the main office as soon as possible.
