PRESENTATION: School Reopening Update, M. Paradiso
Among the points that Mrs. Paradiso mentioned were:

- The final state “checklists” for re-opening were submitted through an electronic form submission to the state – the Statement of Assurances and the Health and Safety Status Form (Link meets or exceeds state guidelines on the latter.)
- We held three virtual Parent Town Hall Meetings to share the reopening with parents and respond to their feedback. We had about 70% of families in attendance.
- We provided surveys so parents could choose the model - hybrid or all remote – they wanted for their children. After the Parent Town Hall Meetings, some families have changed their initial choice of the hybrid model to all remote.
- We are working on scheduling teachers and staff so we have appropriate supervision in the building for those students in the hybrid model. There is some challenge as there are a large number of teachers who have asked for accommodations.
- We are contacting local organizations such as the YMCS and the Boys and Girls Club to share information with families who may need a safe and secure place for their child for the school day, particularly if Link is unable to secure enough adult supervision.

2270 RELIGION IN THE SCHOOLS

The Board of Trustees recognizes that religious belief and disbelief are matters of personal conviction rather than governmental authority and the students of this district are protected by the First Amendment of the United States Constitution and by Article I, Paragraph 4 of the New Jersey State Constitution from the establishment of religion in the schools. **The First Amendment requires public school officials will to show** be neutral in their treatment of religion in the school district, showing neither favoritism toward nor hostility against religious expression such as prayer. Accordingly, devotional exercises will be permitted in this district.

The following activities as outlined in the USDOE Guidance will be permitted upon applying the governing constitutional principles in particular contexts related to: in the school district provided the activity is consistent with current United States Supreme Court decisions regarding the relationship between government and religion. prayer during non-instructional time; organized prayer groups and activities; teachers, administrators, and other school employees’ activities; moments of silence; accommodations for prayer during instructional time; religious expression and prayer in classroom assignments; student assemblies and extra-curricular noncurricular events; prayer at graduation; and/or baccalaureate ceremonies; devotional exercises and other prayer and/or religion related activities.

The following activities as outlined in the USDOE Guidance will be permitted upon applying the governing constitutional principles in particular contexts related to religious expression: religious literature; teaching about religion; student dress codes and policies; and/or religious excusals. The school district will not permit an activity if the activity advances or inhibits any particular religious expression that is protected by the First Amendment of the United States Constitution.
Religion in the Schools

The Equal Access Act, 20 U.S.C. Section 4071, is designed to ensure that student religious activities are afforded the same access to Federally funded public secondary school facilities as are student secular activities. The United States Department of Justice has developed guidance for interpreting the Equal Access Act’s requirements outlined in the USDOE Guidance in the area of general provisions, prayer service and worship exercises, means of publicized meetings, lunch-time and recess, and leadership of religious student groups.

The Board believes that an understanding of religions and the contributions that religion has made to the advancement of civilization is essential to the thorough education of young people and to their appreciation of a pluralistic society. To that end, the curriculum may be developed to include, as appropriate to the various ages and attainments of the students, instruction about the religions of the world.

The Board also acknowledges the degree to which a religious consciousness has enriched the arts, literature, music, and issues of morality. The instructional and resource materials approved for use in the schools of this district frequently contain religious references or concern moral issues that have traditionally been the focus of religious concern. That such materials may, therefore, be religious in nature shall not, by itself, bar their use by the district. The Board directs that teaching staff members employing such materials be neutral in their approach and avoid using them to advance or inhibit religion in any way.

The Board recognizes that religious traditions vary in their perceptions and doctrines regarding the natural world and its processes. The curriculum is chosen for its place in the thorough and efficient education of the children of this district, not for its conformity to religious principles. Students should receive unbiased instruction in the schools so that they may privately accept or reject the knowledge so gained in accordance with their own religious tenets.
Any issues regarding religion in the schools and the provisions of this Policy shall be referred to the Superintendent of Schools who may consult with the Board Attorney.

5200 ATTENDANCE

In accordance with the provisions of N.J.S.A. 18A:38-25, every parent, guardian, or other person having control and custody of a child between the ages of six and sixteen shall cause the child to regularly attend school. The Board of Trustees requires students enrolled in the school district attend school regularly in accordance with the laws of the State.

Notwithstanding the requirement of reporting student absences in the school register for State and Federal reporting purposes, “excused” and “unexcused” student absences, for the purpose of expectations and consequences regarding truancy, student conduct, promotion, and the award of course credit is a local Board decision outlined in N.J.A.C. 6A:16-7.6 and Policy and Regulation 5200. In accordance with the provisions of N.J.A.C. 6A:16-7.6 and for the purposes of this Policy and Regulation 5200, a student’s absence from school will either be excused or unexcused. Not—Unexcused absences will count toward truancy.

A parent or adult student shall provide advance notice to the school prior to the student being absent from school. In accordance with N.J.S.A. 18A:36-25.6, if a student is determined to be absent from school without valid excuse, and if the reason for the student’s absence is unknown to school personnel, the Principal or designee shall immediately attempt to contact the student’s parent to notify the parent of the absence and determine the reason for the absence.

Students shall be subjected to the school district’s response for unexcused absences that count toward truancy during the school year as outlined in N.J.A.C. 6A:16-7.6(a)4 and Regulation 5200.

Unexcused absences from school or from classes within the school day may subject a student to consequences that may include the denial of a student’s participation in co-curricular activities and/or athletic competition. Repeated absences from school interfere with efforts of the this Board and its staff in the maintenance of good order and the continuity of classroom instruction and such absences may result in the removal of the student from a class or course of study.

The Head of School shall calculate and monitor the average daily attendance rate for the district and for each school in the district. Whenever the average daily attendance rate does not meet the New Jersey Department of Education requirements the Head of School or designee shall develop a district improvement plan to improve student attendance pursuant to N.J.A.C. 6A:30-5.2.

8320 PERSONNEL RECORDS

The Board of Trustees believes that the orderly operation of the school requires the retention of all records bearing upon an employee’s qualifications for employment and employment history.

The Board requires that sufficient records be compiled and maintained to demonstrate an employee's qualifications for the position assigned; compliance with Federal, State, and local benefit programs; conformity to school rules; the proper conduct of evaluations; and the employee's entitlement, as appropriate, to tenure and seniority.

The Chief Operating Officer shall be responsible for the custody and maintenance of personnel records. A single, central file of documents shall be maintained; temporary, subsidiary records will be permitted for ease in data gathering only. An employee's personnel file shall be maintained for six years following his/her termination of school service, provided the employment history record card is maintained a minimum of eighty years.

The Board of Trustees and private agencies that provide educational services by means of public funds shall make employee records and information available for public access pursuant to N.J.S.A. 47:1A-10, the Open Public Records Act, but in accordance with N.J.S.A.18A:6-120,(d), and as provided in Policy and Regulations 8320-Section H.

Records maintained in the personnel files of this school are not public records and are not open to inspection except as provided for in this policy. Board minutes and other public records of this school and any computerized files maintained by this school may include only an employee's name, title, position, assignments, salary, payroll record, length of service in the school and in military service, the date and reason for separation from service in this school, and the amount and type of pension a former employee receives.

Personnel records may be inspected by school administrators to the extent that such inspection is required in the performance of the inspector's duties.

Board members may have access to confidential information in the personnel files of only those employees recommended for or subjected to an employment action requiring a vote of the Board or where access to the information is essential for the performance of the Board member's duties. Board member access to personnel files is limited to the relevant portion of the file and is available only through the Head of School. Board members may freely inspect employment applications filed by candidates for school positions.
An employee may inspect his/her personnel file provided that the employee requests such access in writing, reviews the record in the presence of the administrator designated to maintain the file, makes no alteration or addition to the file nor removes any material from it, and signs a log attached to the file indicating the date on which it was inspected.

An employee may appeal to the Head of School the inclusion or exclusion of records or for appropriate administrative review of the accuracy of any record in his/her personnel file.

The Head of School shall prepare rules enumerating the records to be maintained for each employee of this school, including, as a minimum and as appropriate to the position, the completed application form, employment contract(s), a copy of the employee’s qualifying certification, transcripts, report of an employment physical examination, oath of allegiance, criminal background check, income tax forms, retirement registration, hospitalization forms, annuity forms, rate of compensation, attendance record, assignments to positions, completed evaluations, reports of disciplinary incidents, records of special awards or distinctions, and reports of annual or special physical and mental examinations.

2270 RELIGION IN THE SCHOOLS

The Board of Trustees recognizes that religious belief and disbelief are matters of personal conviction rather than governmental authority and the students of this district are protected by the First Amendment of the United States Constitution and by Article I, Paragraph 4 of the New Jersey State Constitution from the establishment of religion in the schools. **The First Amendment requires public school officials to show neutrality in their treatment of religion in the school district, showing neither favoritism toward nor hostility against religious expression such as prayer.** Accordingly, devotional exercises will be permitted in this district.

The following activities as **outlined in the USDOE Guidance** will be permitted upon applying the governing constitutional principles in particular contexts related to: prayer during non-instructional time; organized prayer groups and activities; **teachers, administrators, and other school employees’ activities; moments of silence; accommodations for prayer during instructional time; religious expression and prayer in classroom assignments; student assemblies and extra-curricular non-curricular events; prayer at graduation; and/or baccalaureate ceremonies; devotional exercises and other prayer and/or religion related activities.**

The following activities as **outlined in the USDOE Guidance** will be permitted upon applying the governing constitutional principles in particular contexts related to religious expression: religious literature; teaching about religion; student dress codes and policies; and/or religious excusals. The school district will not permit an activity if the activity advances or inhibits any particular religious expression that is protected by the First Amendment of the United States Constitution.
The Equal Access Act, 20 U.S.C. Section 4071, is designed to ensure that student religious activities are afforded the same access to Federally funded public secondary school facilities as are student secular activities. The United States Department of Justice has developed guidance for interpreting the Equal Access Act’s requirements outlined in the USDOE Guidance in the area of general provisions, prayer service and worship exercises, means of publicized meetings, lunch-time and recess, and leadership of religious student groups.

The Board believes that an understanding of religions and the contributions that religion has made to the advancement of civilization is essential to the thorough education of young people and to their appreciation of a pluralistic society. To that end, the curriculum may be developed to include, as appropriate to the various ages and attainments of the students, instruction about the religions of the world.

The Board also acknowledges the degree to which a religious consciousness has enriched the arts, literature, music, and issues of morality. The instructional and resource materials approved for use in the schools of this district frequently contain religious references or concern moral issues that have traditionally been the focus of religious concern. That such materials may, therefore, be religious in nature shall not, by itself, bar their use by the district. The Board directs that teaching staff members employing such materials be neutral in their approach and avoid using them to advance or inhibit religion in any way.

The Board recognizes that religious traditions vary in their perceptions and doctrines regarding the natural world and its processes. The curriculum is chosen for its place in the thorough and efficient education of the children of this district, not for its conformity to religious principles. Students should receive unbiased instruction in the schools so that they may privately accept or reject the knowledge so gained in accordance with their own religious tenets.
Any issues regarding religion in the schools and the provisions of this Policy shall be referred to the Superintendent of Schools who may consult with the Board Attorney.

The data derived from State assessments will be utilized by teachers and administrators to pinpoint areas of difficulty and customize instruction accordingly. Such data can be accessed and utilized as a student progresses to successive school levels.

Pursuant to N.J.A.C. 6A:8-4.1(b) and (c), all students at grade levels three through twelve, and at any other grade(s) designated by the Commissioner pursuant to N.J.A.C. 6A:8-4.1(a), shall take all appropriate Statewide assessments as scheduled. There is no provision for a student to opt-out of Statewide assessments. If a student is absent on a testing date, the student will be expected to take the missed test on another school day. Parents and students will be informed of all scheduled testing dates, including make-up testing dates for students who missed the initial testing date.

The Board may administer the Statewide assessments in mathematics to ELLs in their native language, when available, and/or English. The Board shall have the option for a first-year ELL of substituting a Department of Education-approved language proficiency test only for the English language arts section of the elementary or middle school component of the Statewide assessment, when the student has entered the United States after July 1 of the calendar year prior to the test administration.
The Board of Trustees shall ensure students with disabilities as defined in N.J.A.C. 6A:14-1.3 participate in Statewide assessments in accordance with N.J.A.C. 6A:14-4.10.

At specific times prescribed by the Commissioner of Education, the Board of Education shall administer the alternative assessment for students with disabilities to students with severe disabilities who cannot participate in other assessments due to the severity of their disabilities. The Department of Education shall implement the alternative assessment for students with disabilities according to the schedules in N.J.A.C. 6A:8-4.1(c)1, 2, and 3. The alternative assessment for students with disabilities measures the progress of students who have been determined eligible for the alternative assessment for students with disabilities by the IEP team in accordance with N.J.A.C. 6A:14-4.10.

Test Administration Procedures and Security Measures

The Board of Trustees shall be responsible for ensuring the security of all components of the Statewide assessment system that are administered within the school district. Any breach of such procedures or measures shall be immediately reported to the Head of School or designee.

The Board shall provide appropriate instruction to improve skills and knowledge for students performing below the established levels of student proficiency in any content area either on Statewide or local assessments. In accordance with the provisions of N.J.S.A. 18A:38-25, every parent, guardian, or other person having control and custody of a child between the ages of six and sixteen shall cause the child to regularly attend school. The Board of Trustees requires students enrolled in the school district attend school regularly in accordance with the laws of the State.

Notwithstanding the requirement of reporting student absences in the school register for State and Federal reporting purposes, “excused” and “unexcused” student absences, for the purpose of expectations and consequences regarding truancy, student conduct, promotion, and the award of course credit is a local Board decision outlined in N.J.A.C. 6A:16-7.6 and Policy and Regulation 5200. In accordance with the provisions of N.J.A.C. 6A:16-7.6 and for the purposes of this Policy and Regulation 5200, a student’s absence from school will either be excused or unexcused. That Unexcused absences will count toward truancy.

A parent or adult student shall provide advance notice to the school prior to the student being absent from school. In accordance with N.J.S.A. 18A:36-25.6, if a student is determined to be absent from school without valid excuse, and if the reason for the student’s absence is unknown to school personnel, the Principal or designee shall immediately attempt to contact the student’s parent to notify the parent of the absence and determine the reason for the absence.

Students that are absent from school for any reason are responsible for the completion of assignments missed because of their absence. In accordance with N.J.S.A. 18A:36-14, a student who is absent from school for observing a religious holiday shall not be deprived of any award, eligibility, or opportunity to compete for any award, or deprived of the right to take an alternate test or examination that was missed because of the absence provided there is a written excuse of such absence signed by the parent.

Prolonged or repeated absences, excused or unexcused, from school or from class, deprive students of the educational and classroom experiences deemed essential to learning and may result in retention at grade level.
Students shall be subjected to the school district’s response for unexcused absences that count toward truancy during the school year as outlined in N.J.A.C. 6A:16-7.6(a)4 and Regulation 5200.

Unexcused absences from school or from classes within the school day may subject a student to consequences that may include the denial of a student’s participation in co-curricular activities and/or athletic competition. Repeated absences from school interfere with efforts of the Board and its staff in the maintenance of good order and the continuity of classroom instruction and such absences may result in the removal of the student from a class or course of study.

The Head of School shall calculate and monitor the average daily attendance rate for the district and for each school in the district. Whenever the average daily attendance rate does not meet the New Jersey Department of Education requirements the Head of School or designee shall develop a district improvement plan to improve student attendance pursuant to N.J.A.C. 6A:30-5.2.

8320 PERSONNEL RECORDS

The Board of Trustees believes that the orderly operation of the school requires the retention of all records bearing upon an employee's qualifications for employment and employment history.

The Board requires that sufficient records be compiled and maintained to demonstrate an employee's qualifications for the position assigned; compliance with Federal, State, and local benefit programs; conformity to school rules; the proper conduct of evaluations; and the employee's entitlement, as appropriate, to tenure and seniority.

The Chief Operating Officer shall be responsible for the custody and maintenance of personnel records. A single, central file of documents shall be maintained; temporary, subsidiary records will be permitted for ease in data gathering only. An employee's personnel file shall be maintained for six years following his/her termination of school service, provided the employment history record card is maintained a minimum of eighty years.

The Board of Trustees and private agencies that provide educational services by means of public funds shall make employee records and information available for public access pursuant to N.J.S.A. 47:1A-10, the Open Public Records Act, but in accordance with N.J.S.A.18A:6-120,(d), and as provided in Policy and Regulations 8320-Section H.

Board minutes and other public records of this school and any computerized files maintained by this school may include only an employee's name, title, position, assignments, salary, payroll record, length of service in the school and in military service, the date and reason for separation from service in this school, and the amount and type of pension a former employee receives.

Personnel records may be inspected by school administrators to the extent that such inspection is required in the performance of the inspector's duties.

Board members may have access to confidential information in the personnel files of only those employees recommended for or subjected to an employment action requiring a vote of the Board or where access to the information is essential for the performance of the Board member's duties. Board member access to personnel files is limited to the relevant portion of the file and is available only through the Head of School. Board members may freely inspect employment applications filed by candidates for school positions.
An employee may inspect his/her personnel file provided that the employee requests such access in writing, reviews the record in the presence of the administrator designated to maintain the file, makes no alteration or addition to the file nor removes any material from it, and signs a log attached to the file indicating the date on which it was inspected.

An employee may appeal to the Head of School the inclusion or exclusion of records or for appropriate administrative review of the accuracy of any record in his/her personnel file.

The Head of School shall prepare rules enumerating the records to be maintained for each employee of this school, including, as a minimum and as appropriate to the position, the completed application form, employment contract(s), a copy of the employee's qualifying certification, transcripts, report of an employment physical examination, oath of allegiance, criminal background check, income tax forms, retirement registration, hospitalization forms, annuity forms, rate of compensation, attendance record, assignments to positions, completed evaluations, reports of disciplinary incidents, records of special awards or distinctions, and reports of annual or special physical and mental examinations.
