Through the Charter Program Grant (CPG), Link Community Charter School is required to participate in strategic planning to identify major goals and objectives that will leverage the school’s strengths and support stronger school and student outcomes.

Various stakeholders, including board members will take part in the process, which will include multiple days of reviewing the feedback and survey data gathered in the spring through the Focused Lens Protocol. The Team at the CPG has prepared a draft report which is being finalized and will be used by the Strategic Planning Team.

Attendees: B. Daughtry, M. Paradiso, D. Paczkowski, S. Machrone

- Mrs. Machrone reviewed the results of the Annual Board Self Evaluation and the committee discussed the goals, based on the evaluation, for the upcoming 2022-23 school year. These will be shared with the board at the June 13th meeting, along with the results of the evaluation. There was also a discussion to add two retreats to the board calendar to provide for orientation and to provide support to board members based on their comments in the evaluation.

- Mrs. Machrone explained the new policy and regulation revisions to be presented to the board at the upcoming meeting.

- Mrs. Paradiso updated the committee on potential new board members. The board will be asked to appoint two candidates will fill vacancies during the regular meeting on June 13th and to elect two more at the annual meeting on June 13th. Mrs. Paradiso mentioned that it would be good to have additional candidates or people to serve on committees. Mrs. Daughtry will email the board to this effect.

- The committee discussed board leadership positions for 2022-2023 (elections to take place at the June annual meeting.) Mrs. Daughtry will speak with potential candidates.

- Mrs. Machrone explained the procedure for fingerprinting new board members. According to our board attorney, a newly elected or appointed board member must undergo the fingerprinting/background check prior to receiving the oath of office.

- Mrs. Machrone suggested a special board meeting to be added on Monday, June 27, - for the Head of School Evaluation. Mrs. Paradiso concurred, saying there might be additional new hires to approve by that date.
Overall members evaluated the board as a whole very positively. The average ratings for all areas for review ranged from 3.38 to 3.88 out of a possible 4. There were no unsatisfactory ratings.

The board members rated themselves individually between 2.63 and 3.88 out of 4 in all review areas. There were a couple ratings of unsatisfactory, but one by one member. There was no negative trend.

Areas of note and comment:
- Not everyone made comments throughout the survey.

Areas of strength identified by the members
This area was difficult to summarize as members often used phrases with no context as responses. However, the following appear at least twice in the responses:
- communication
- diligence/attention to detail
- collaboration with each other and the administration
- focus on student achievement
- commitment to the mission/dedication/commitment to the work

Areas where board needs more focus in order to improve governance capacity in the upcoming year:
This area was also difficult to summarize as members often used phrases with no context as responses. However, the following appear at least twice in the responses:
- Student recruitment
- School growth and expansion – moving into the elementary grades
- Financial health – growing the school’s ability to improve its financial health; fundraising

Areas where members needs support to be more effective:
Members did not mention much in terms of needs for support for them to be more effective, however, half of the board members rated themselves as adequate or unsatisfactory in the following review areas:

- “Help to raise funds and utilize my contacts to help the school meets its financial goals.”
- “Work to develop partnerships aligned with strategic plan goals and priorities that will benefit our students”

Additionally three out of five rated themselves as adequate or unsatisfactory on understanding the annual audit.

So perhaps some edification on these areas is warranted.
P 3161 Examination for Cause (R) (Revised)
P 4161 Examination for Cause (R) (Revised)
These have been re-written to include updated language in the administrative code. The policies address the process a school must use if the Board/Head of School requires a physical or psychiatric evaluation of an employee when the employee shows evidence of deviation from normal physical or mental health, to determine fitness to perform with reasonable accommodation, and detect any health risks to students and other employees. Case law indicates that if a board adheres to this process, cases are upheld.

P 5512 Harassment, Intimidation, and Bullying (M)(Revised)
This policy has been revised to align with updates to law signed in January 2022, and which take effect in July 2022, including the following changes were added:

- that the Head of School must report to the Board annually on the number of times a preliminary determination was made that an incident or complaint was outside the scope of HIB. (Section G)
- suggested first, second and third offense consequences (Section D)
- that any HIB incident that may be a violation of NJ criminal law be reported to law enforcement in accordance with the memo of agreement. (Section P)
- that the Principal is required to keep a written record (date, time, and manner of notification) of the initial notification to parents that there was a potential HIB incident and the ensuing investigation (if applicable) (Section E). Also that this written record is to be on a form developed by the NJDOE and promptly submitted to the Head of School. (Section E) and that the written record of parental notification is to be completed even if a preliminary determination is made. (Section G.) The Principal will share a redacted copy of the written record of parental notification with the board after the conclusion of the investigation, if a hearing a requested by the parent. (Section G)
- that the school is required to provide a means for parents to complete an online numbered form developed by the NJDOE to confidentially report an incident of HIB (Section E)
- that the Principal must report any preliminary determination to the Head of School so the latter can either reject or accept the Principal’s determination. The Head of School will notify the Principal in writing. (Section G) If a determination is rejected by the Head of School, the investigation must commence and be completed within 10 school days from the Head of School’s decision.
- that the school post on its homepage the current version of the documents: Guidance for Parents on the Anti-Bullying Bill of Rights Act” developed by the NJDOE. (Section K) (Strauss Esmay said this is in the process of being updated.)

A. Policy Statement

The Board of Trustees prohibits acts of harassment, intimidation, or bullying of a student. A safe and civil environment in school is necessary for students to learn and achieve high academic standards. Harassment, intimidation, or bullying, like other disruptive or violent behaviors, is conduct that disrupts both a student’s ability to learn and a school’s ability to educate its students in a safe and disciplined environment. Harassment, intimidation, or bullying is unwanted, aggressive behavior that may involve a real or perceived power imbalance. Since students learn by example, school administrators, faculty, staff and volunteers should be commended for demonstrating appropriate behavior, treating others with civility and respect, and refusing to tolerate harassment, intimidation, or bullying.

For the purposes of this Policy, the term "parent," pursuant to N.J.A.C. 6A:16-1.3, means the natural parent(s) or adoptive parent(s), legal guardian(s), foster parent(s), or parent surrogate(s) of a student. Where When parents are separated or divorced, "parent" means the person or agency which has legal custody of the student, as well as the natural or adoptive parent(s) of the student, provided such parental rights have not been terminated by a court of appropriate jurisdiction.

B. Harassment, Intimidation, and Bullying Definition

“Harassment, intimidation, or bullying” means any gesture, any written, verbal or physical act, or any electronic communication, as defined in N.J.S.A. 18A:37-14, whether it be a single incident or a series of incidents that:

1. Is reasonably perceived as being motivated by either any actual or perceived characteristic, such as race, color, religion, ancestry, national origin, gender, sexual orientation, gender identity and expression, or a
mental, physical or sensory disability, or by any other distinguishing characteristic;

2. Takes place on school property, at any school-sponsored function, on a school bus, or off school grounds, as provided for in N.J.S.A. 18A:37-15.3;

3. Substantially disrupts or interferes with the orderly operation of the school or the rights of other students; and that

   a. A reasonable person should know, under the circumstances, that the act(s) will have the effect of physically or emotionally harming a student or damaging the student’s property, or placing a student in reasonable fear of physical or emotional harm to his/her their person or damage to his/her their property; or

   b. Has the effect of insulting or demeaning any student or group of students; or

   c. Creates a hostile educational environment for the student by interfering with a student’s education or by severely or pervasively causing physical or emotional harm to the student.

Schools are required to address harassment, intimidation, and bullying occurring off school grounds, when there is a nexus between the harassment, intimidation, and bullying and the school (e.g., the harassment, intimidation, or bullying substantially disrupts or interferes with the orderly operation of the school or the rights of other students).

“Electronic communication” means a communication transmitted by means of an electronic device, including, but not limited to: a telephone, cellular phone, computer, or pager.

C. Student Expectations

The Board expects students to conduct themselves in keeping with their levels of development, maturity and demonstrated capabilities with proper regard for the rights and welfare of other students and school staff, the educational purpose underlying all school activities and the care of school facilities and equipment consistent with the Code of Student Conduct.
The Board believes that standards for student behavior must be set cooperatively through interaction among the students, parents, school employees, school administrators, school volunteers, and community representatives, producing an atmosphere that encourages students to grow in self-discipline. The development of this atmosphere requires respect for self and others, as well as for school and community property on the part of students, staff, and community members.

Students are expected to behave in a way that creates a supportive learning environment. The Board believes the best discipline is self-imposed, and it is the responsibility of staff to use instances of violations of the Code of Student Conduct as opportunities to help students learn to assume and accept responsibility for their behavior and the consequences of their behavior. Staff members who interact with students shall apply best practices designed to prevent student conduct problems and foster students’ abilities to grow in self-discipline.

The Board expects that students will act in accordance with the student behavioral expectations and standards regarding harassment, intimidation, and bullying, including:

1. Student responsibilities (e.g., requirements for students to conform to reasonable standards of socially accepted behavior; respect the person, property and rights of others; obey constituted authority; and respond to those who hold that authority);

2. Appropriate recognition for positive reinforcement for good conduct, self-discipline, and good citizenship;

3. Student rights; and

Pursuant to N.J.S.A. 18A:37-15(a) and N.J.A.C. 6A:16-7.1(a)1, the school has involved a broad-base of school and community members, including parents, students, instructional staff, student support services staff, school administrators, and school volunteers, as well as community organizations, such as faith-based, health and human service, business and law enforcement, in the development of this Policy. Based on locally determined and accepted core ethical values adopted by the Board, pursuant to N.J.A.C. 6A:16-7.1(a)2, the Board must develop guidelines for student conduct pursuant to N.J.A.C. 6A:16-7.1. These guidelines for student conduct will take into consideration the developmental ages of students, the severity of the offenses and students’ histories of inappropriate
behaviors, and the mission and physical facilities of the school(s). This Policy requires all students in the school to adhere to the rules established by the school and to submit to the remedial and consequential measures that are appropriately assigned for infractions of these rules.

Pursuant to N.J.A.C. 6A:16-7.1, the Head of School must annually provide to students and their parents the rules of the school regarding student conduct. Provisions shall be made for informing parents whose primary language is other than English.

The school prohibits active or passive support for acts of harassment, intimidation, or bullying. Students are encouraged to support other students who:

1. Walk away from acts of harassment, intimidation, and bullying when they see them;
2. Constructively attempt to stop acts of harassment, intimidation, or bullying;
3. Provide support to students who have been subjected to harassment, intimidation, or bullying; and
4. Report acts of harassment, intimidation, and bullying to the designated school staff member.

D. Consequences and Appropriate Remedial Actions

The Board of Trustees recognizes its responsibility to provide for the safety and security in each school building in the district. The district will develop and implement comprehensive written plans, procedures, and mechanisms to provide for the protection of health, safety, security, and welfare of the school population; the prevention of, intervention in, response to and recovery from emergency and crisis situations; the establishment and maintenance of a climate of civility; and support services for staff, students, and their families.

“School security drill” means an exercise, other than a fire drill, to practice procedures that respond to an emergency situation including, but not limited to, a bomb threat, non-fire evacuation, lockdown, or active shooter situation and that is similar in duration to a fire drill.

The Head of Schools or designee shall consult with law enforcement agencies, health and social services provider agencies, emergency management planners, and school and community resources, as appropriate, in the development of the school district’s plans, procedures, and mechanisms for school safety and security. The plans, procedures, and mechanisms shall be consistent with the provisions of N.J.A.C. 6A:16-5.1 and the format and content established by the Domestic Security Preparedness Task Force, pursuant to N.J.S.A. All employees shall be notified in writing, as appropriate, regarding updates and changes to the school safety and security plan.

New employees shall receive this in-service training, as appropriate, within sixty days of the effective date of their employment. This in-service training program shall be reviewed annually and updated, as appropriate.

The Board shall ensure individuals employed in the district in a substitute capacity are provided with information and training on the district’s practices and procedures on school safety and security including instruction on school security drills, evacuation procedures, and emergency response protocols in the district and the school building.
where the individuals are employed in accordance with the provisions of N.J.S.A. 18A:41-7.

Where school buildings have been provided with fire escapes, they shall be used by a part or all of the students performing every fire drill. An actual fire or school security emergency that occurs at a school during the month and that includes activities which are the equivalent of a drill shall be considered a drill for the purposes of meeting the requirements of N.J.S.A. 18A:41-1.

Every school in the district shall conduct a school security drill within the first fifteen days of the beginning of the school year. Notwithstanding any other provision of law to the contrary, the school district shall ensure that a school security drill that occurs when students are present:

5. Does not require a student to role play as a victim, but may include first aid training in which students participate; and

6. Is accessible to students with disabilities and mental health conditions, and provides all necessary accommodations for these students.
The Principal or designee shall provide written notification to the parent of a student enrolled in the school following completion of a school security drill, which notice shall be provided to the parent by no later than the end of the school day on which the school security drill is conducted.

The Principal or designee will provide local law enforcement or other emergency responders, as appropriate, with a friendly notification at least forty-eight hours prior to holding a school security drill. A law enforcement officer shall be present at a minimum of one school security drill in each school year in order to make recommendations on any improvements or changes to school security drill procedures that the officer may deem advisable in accordance with N.J.S.A. 18A:41-1. The school district may permit emergency personnel access to the buildings and grounds of its schools for school security drills that are scheduled outside of school hours and during such times as students are not present.

The school district shall review and update its school security drill procedures using a process that coincides with the review of the school safety and security plan developed pursuant to N.J.A.C. 6A:16-5.1 and collects input from emergency personnel; parents of students enrolled in the school district; teachers and staff employed in the district; mental health professionals; and student government representatives from multiple grade levels.

The school district shall annually track data on such measures and information as required by the Commissioner of Education, and shall report the data to the Commissioner.

Such drills and in-service training programs shall be conducted in accordance with a building security drill guide and training materials that educate school employees on proper evacuation and lockdown procedures in a variety of emergency situations on school grounds in accordance with N.J.A.C. 6A:16-5.1.

The school district will be required to annually submit a security drill statement of assurance to the New Jersey Department of Education by June 30 of each school year.
