

LINK COVID-19 IN-SCHOOL SAFETY PROTOCOLS

Entry Procedures for All with Essential Business in the School Building

1. Complete daily symptoms/status check prior to entry of building
2. Receive temperature check
3. Sanitize hands
4. Put on new sealed mask provided by the school
 - A doctor's note and signed release is required for anyone who is unable to comply due to a medical condition; personal masks must be washed daily

In-Building Expectations

1. Remain socially distant from others – 6 feet of separation from students, staff, visitors – do not congregate with others unless you are 6 feet apart
2. Keep mask on except when eating.
 - For employees, masks can be removed only when you are alone in your private office/desk area
3. Wash/sanitize hands often
4. Work within protected private area – plastic desk shields or tall divider shields
5. Conduct meetings via virtual platforms whenever feasible
6. Keep movements throughout the building to a minimum; remain with your cohort of students and adults so as to limit contact with individuals outside your group/cohort
7. When working together directly, students and staff must try to remain socially distanced and keep the plastic shield between them.
8. Students may not share instruments, supplies, materials, etc.

Exit Procedures

1. Leave the facility/grounds immediately upon dismissal/end of work day – no congregating inside or outside
2. Maintain social distancing until you exit the building – strongly suggest until you reach your transportation mode (car/bus)
3. Sanitize hands before exiting the building

THE FACILITY IS CLEANED AND DISINFECTED DAILY.
