

Newark Symphony Hall Design Challenge 2022

By : LinkGineers

Introduction

Hello, My name is Trinity, and I am a LinkGineer. I am a 5th grade scholar at Link Community Charter school, and today we will be presenting our ideas for the design challenge.

Trinity Saint Pierre

Sarah Vaughan Way - The LinkGineers recognize Sarah Vaughan as an icon. In her name, we have decided to rename Broad street after Sarah Vaughan. (Sarah Vaughan Way)

Materials Used: Legos, Plastic / Fake Trees, Markers, Styrofoam, Popsicle Sticks, Color Pencils, Clay/ Play Doh, Glue, Pencil / Pen, Tape, Paper, Pom Poms, Chenille Stems, Cardboard, miniature rubber tires, tape

Whitney Houston

Sarah Vaughan

Lauryn Hill

Shaquille O'Neal

The walk of fame was made to highlight celebrities from Newark who made an impact on the world, while representing our city. Each tile would have a small description of the celebrity, to inform pedestrians.

Food Area

Located inside of the parking lot, there is food area where people could eat the food provided. The food is provided in a shack and food truck inside of the parking lot. Cherry blossom trees can also be found across the parking lot. Fun fact, Newark New Jersey has over 5,000 cherry blossom trees, being the most in the United States!

Micah Smith

Stage - Performances in the Park

The stage found in the parking lot can be used for many different reasons. Such as performances, different speeches, and many other fun activities. Lights can be easily found across the parking lot (and the stage) to draw attention to bystanders. In front and around of the stage you could easily find build in benches so the kids can play and sit on the benches while there is no one performing.

Bridge

To prevent any accidents from the busy roads, the LinkGineers have decided to create a bridge. Therefore civilians will be able to safely cross the street using the bridge. These bridges might prevent hours of traffic. We believe that this idea is way more efficient and safe than a regular road.

Mural

Hello my name is yaheed smith and i am a 5th grade scholar, Different flags and murals can be found around the parking lot. These murals include connections to Sarah Vaughan with the music notes representing her music. On one mural there is an interactive screen which can highlight upcoming events and activities. The flags show the logo of Newark Symphony hall in different designs.

Statues And Trees

Hello My name is Delonte and I am in the 6th grade. The reason we added the sculptures is to highlight the other artists in Newark. Also the reason we added the Trees is to give people oxygen and so people get more energy and they will enjoy their time here more.

Playground

We have decided to go along with a playground because we want the kids to have fun while parents are watching the performance(s). Which means parents will not have to be stressed while both watching their child / children and the performance at the same time.
