</tr>
</tbody>
</table>
Established Goals

In this 8-week unit (mid Nov - Dec), students will learn about different music used and heard in the holiday season around the world as well as world music. The timing of this unit takes place right in the Holiday season. The aim of this unit is to focus primarily on traditions and diverse cultures while building on students' backgrounds around holiday celebrations such as Kwanzaa, Christmas, Hanukkah and others.

Transfer

Students will be able to independently use their learning to...
Identify characteristic theme-based works of dance, music, theater, and visual art, such as artworks based on the themes of family and community, from various historical periods and world cultures.

Meaning

Big Ideas & Understandings

Students will understand that...
- There are different kinds of music that belong to other countries
  - Music is diverse and is part of us.
  - A tradition is a belief or behavior passed down within a group or society with symbolic meaning or special significance.
  - Music can enrich our lives, deepen our background knowledge, and cultivate

Essential Questions

Students will keep considering...
- What kind of music is heard in other countries?
  - What is traditional music?
  - What distinguishes and characterizes music from different parts of the world?
### Meaning
- empathy.
  - World music varies in color and tonality.

</tbody>
</table>
## Established Goals

In this 8 week unit (March - mid-April), students will be introduced to the elements and principles that govern the creation of works of music: tempo, timbre, dynamics, form and melody. The aim of this unit is to focus primarily on classical music, getting to know famous classical composers such as Mozart, Beethoven, Brahms, Camille Saint-Saens, Clara Schumann, Germaine Tailleferre, Cécile Chaminade and Isabella Leonarda, among others.

## Transfer

Students will be able to independently use their learning to...
Identify musical elements in response to diverse aural prompts, such as rhythm, timbre, dynamics, form and melody on world famous classical music pieces.

## Meaning

### Big Ideas & Understandings

Students will understand that...
- A composer is who writes/makes music.
  - Classical music has been composed by musicians who are trained in the art of writing music (composing) and written down in music notation so that other musicians can play it.
  - Each composer has their own style to write music, it can be heard while listening to their pieces.
  - Everyone can compose and perform music; men and women alike.

### Essential Questions

Students will keep considering...
- What is a composer?
  - What is classical music?
  - How is classical music different from other styles of music?
  - How are each composer different from one another?
  - What are the basic elements of the music?

## DESIRED RESULTS

### Established Goals

In this 8-week unit (May-June), students will use imagination to create stories based on an art experience (dance, music, theater, visual arts), that communicates an emotion or feeling. The timing of this unit takes place right after Spring Break and includes the World Book Celebration day. Some of the content will be related to literature.

### Transfer

Students will be able to independently use their learning to...

Create stories or identify their emotions when listening to music or experiencing other types of arts, such as movement and visual arts.

### Meaning

#### Big Ideas & Understandings

- Music and arts in general can speak without words
  * Music and arts transmit emotions and feelings.
  * Music and arts can enrich our emotional lives.

#### Essential Questions

- What is the music trying to say?
  * What does the music tell me to do?
  * How do I feel when listening to certain music?
  * How can visual arts, movement and music be related?

### Acquisition

#### Knowledge

- We can use many styles of music to

#### Skills

- Singing individually and in groups a variety of
