Question 1 HOW ELSE CAN THE SCHOOL SUPPORT YOUR STUDENT IN EDUCATION?

- Have more reading activities or other activities with them after school
- You are doing amazing job cannot think of anything right now.
- More support in areas that's needed or child is struggling
- I believe the school does a great job with parent communication and getting the scholars involved with activities within their community.
- I am of the opinion that the above is a well thought strategic plans for the entire school going forward.

Question 2 HOW ELSE CAN YOU, AS PARENTS, SUPPORT YOUR CHILD(REN) AND THEIR EDUCATION?

- Get more involved in the school to establish a relationship so we can all work as a team
- Teach them to respect school officials. Respect themselves and their fellow classmates. Be present for every report card every time you attend you will learn sometime different about your child every time it's a good thing. Continue to work with my child and support him in whatever way I can
- Communicate more with teachers
- By encouraging them to do their best
- Ask and inquire on their day, peer pressure is huge in school, which also can affect their education

Question 3 HOW ELSE CAN WE EXPECT STUDENTS TO SUPPORT THEIR OWN EDUCATIONAL SUCCESS?

- By doing the best they can and ask for help when they need it
- Getting them to go to sleep at an appropriate time to have energy to learn the next day
- Students and parents and put away the electronic devices at times and spent time reading and bonding with their children.
- Tell them to listen to teachers and show respect.
