LINK COMMUNITY CHARTER SCHOOL High School Placement

Board Presentation March 14, 2022 Greg Silver, Director of Admission & HSP

At LCCS, scholars are prepared for a rigorous application process to high schools (independent day and boarding, magnet, and Catholic) beginning in 7th grade with a High School Placement (HSP) Class, ongoing counseling and guidance from the HSP Director, partnerships with scholarship organizations, and admissions testing.

## High School Placement (HSP) Class

## High School Placement (HSP) course description-

High School Placement Class provides students with the opportunity to explore their aspirations for high school and beyond. Students will examine different kinds of high schools (independent boarding, independent day, co-ed, single-gender, private Catholic, public magnet, public charter, and vocational-technical schools). But most importantly, we will identify the best fit for each child, with the ultimate goal of applying to, being accepted into, receiving financial aid/scholarships to, the school that best matches and best supports the child's talents and needs. This will be done through researching schools, preparing for entrance exams, sharpening interview skills, and developing a portfolio to best market oneself to the high schools to which the students apply. The journey will include much dialogue between the Director of HS Placement, the parents, and students. It will require meetings, patience, organization, deadlines, and a lot of invested time. By working together, we will help the students apply to, receive acceptance to, and attend exemplary high schools that are the best fit for each individual.

### Structure of HSP class:

\*8th Grade: 1st & 2nd Quarters

\*7th Grade: 3rd & 4th Quarters

\*Classes meet for 50 minutes, twice per week.

While classes are part of the weekly routine for students, the class structure adapts to the needs of the students and families, depending on what phase of the process they are in, for the specific schools in which the students are applying. Each type of school follows different schedules and systems of application steps, deadlines, exams, and decision dates. HSP class is differentiated so each student can use the class time to best explore a wide-range of opportunities, work on applications, prepare for exams and interviews, and make educated decisions after acceptances and financial aid and/or scholarship awards are shared with families. Rubrics/Checklists:	<ul> <li>Performance Task(s):</li> <li>Develop Student Profiles: <ul> <li>Students will compile personal Academic Profiles following a pre-generated checklist (6th and 7th Grade Report Cards, Standardized Test Scores, Personal Development Scores, Extracurriculars).</li> <li>After, students will reflect on their own personal academic transcripts and assess how they are impacted by academic performance and personal development. We will discuss the relationship between effort ratings and grades and the control/power students have in creating positive changes.</li> <li>Finally, students will evaluate how each of these components creates a strong or weak overall profile.</li> </ul> </li> <li>Outline of Categories of Schools <ul> <li>Students will conduct independent research on each category of high school, and complete an organizer determining the pros and cons of each school type. #### LEARNING PLAN

#### Summary of Key Learning Events and Instruction:

Note: HSP Classes meet one to two times per week for two quarters in 7th and 8th grade; each unit takes place over 10-15 class periods. Additionally, because the high school admissions process is so personalized, components of each unit will occur at the same time: For example, one student may need to use independent work time to complete recommendation requests, while another may need to research financial aid and scholarship programs for the same school. Some Key Learning Events will be repeated when appropriate because they occur throughout multiple lessons or units.

Days 1-5 : Student Profiles

Days 6-12: School Category Research

Days 13-15: Teacher Recommendations

#### DESIRED RESULTS

#### **Established Goals**

High School Placement Class provides students with the opportunity to explore their aspirations for high school and beyond. Through small group and independent research, students will examine different kinds of high schools(independent boarding, independent day, co-ed, single-gender, private Catholic, public magnet, public charter, and vocational-technical schools). But most importantly, we will identify the best fit for each child, with the ultimate goal of applying to, being accepted into, receiving financial aid/scholarships to, the school that best matches and best supports the child's talents and needs, and help students establish personalized criteria for program selection. This will be done through researching schools, preparing for entrance exams, sharpening interview skills, and developing a portfolio to best market oneself to the high schools to which the students apply. The journey will include much dialogue between the Director of HS Placement, the parents, and students. It will require meetings, patience, organization, deadlines, and a lot of invested time. By working together, we will help the students apply to, receive acceptance to, and attend exemplary high schools that are the best fit for each individual.

#### Transfer

Students will be able to independently use their learning to prepare themselves for the admissions process for Boarding, Catholic, Independent, and Public Schools through test preparation, interview practice, and independent research. Students will be able to establish criteria for choosing potential high schools, research the programs and campus life of schools of interest, and investigate the admission requirements for each program.

#### LEARNING PLAN

#### Summary of Key Learning Events and Instruction:

Note: HSP Classes meet one to two times per week for two quarters in 7th and 8th grade; each unit takes place over 10-15 class periods. Additionally, because the high school admissions process is so personalized, components of each unit will occur at the same time: For example, one student may need to use independent work time to complete recommendation requests, while another may need to research financial aid and scholarship programs for the same school. Some Key Learning Events will be repeated when appropriate because they occur throughout multiple lessons or units.

#### **Unit Length: 8 Days**

Day 1-3: Interview Preparation and High School Applications (differentiated based on student need)

Day 4: Scholarship and Financial Aid Programs (All Students)

Day 5-8: High School Applications, Scholarship and Financial Aid Programs (differentiated based on student need)

Link Community Charter School Board of Trustees Governance Committee Report March 09, 2022

Attendees: B. Daughtry, M. Paradiso, D. Paczkowski, S. Machrone

- Mrs. Machrone reviewed the policies and regulations that need to be revised/added. These will be presented to the board at the March 14<sup>th</sup> meeting.
- Mrs. Paradiso advised of a board member candidate, Mr. Garth Naar, to be nominated at an upcoming board meeting to fill the vacancy left by Mrs. Covington who resigned effective March 31, 2022. Other candidates are being interviewed by Mrs. Daughtry and Mrs. Paradiso to fill vacancies left by other members who will not be returning in 2022-2023. Current board members will be asked to continue to make recommendations. Candidates may be asked to join board committees.
- The committee discussed board leadership for 2022-2023, and will offer nominations to the board at the June meeting.
- Mrs. Machrone presented a proposed timeline for Board Self Evaluations as well as the HOS evaluation to which the committee agreed. She will present the timeline to the board at the March 14<sup>th</sup> meeting, as well as an overview of the evaluation process and forms.
- Mrs. Paradiso stated that the request for this year's Financial Disclosures was late. (Usually the request comes at the end of January.) Members should receive an email from the state to complete the disclosure, with the deadline of April 30. Mrs. Paradiso will ask Mrs. Baje to confirm this.
- Mrs. Paradiso will ask Mrs. Baje to provide members with the information they need to complete this year's Governance training. She suggested members be asked to complete their training by April 30.
- Mrs. Paradiso asked the committee to recommend that the board approve an additional board meeting on Monday, 03/28/22 to approve the budget for next fiscal year. The state is releasing numbers now and Link probably won't be ready as of March 14<sup>th</sup> to present the budget to the board. The meeting announcement will also include that other business may be transacted at the meeting.
- The committee discussed board meeting structure, whether to continue hybrid or return to fully in-person, beyond the April board meeting. The decision will be made in April.

## SUMMARY OF POLICY AND REGULATIONS REVISIONS/ADDITIONS FOR THE LCCS BOARD MEETINGS ON MARCH 7, 2022 AND APRIL 18, 2022

#### P 2415.05 Student Surveys, Analysis, Evaluations, Examinations, Testing, or Treatment (Mandated) (Revised)

This policy, which addresses the issue of a school administering a survey, analysis, etc. funded in whole or in part by a program of the USDOE, has been rewritten to provide additional detail based on Federal Code requirements and replaces the original policy.

#### P & R 2431.4 Prevention and Treatment of Sports-Related Concussions and Head Injuries (Mandated) (Revised)

This policy and regulation have been rewritten to address the revisions in NJ law to include intramural sports along with interscholastic sports and cheerleading programs. In addition, the new law requires schools to implement a graduated, six-step return-to-competition process developed by the CDC, which are incorporated in the regulation guide. The policy and regulation cover Kindergarten through 8<sup>th</sup> grade at Link. These documents replace the current ones.

#### P & R 2622 Student Assessment (Mandated) (Revised)

This policy has been rewritten to reflect recent revisions in the NJ Administrative Code. Also Strauss Esmay developed a new regulation guide which aligns to the revisions in the code. The NJDOE is implementing an approved English language proficiency assessment for English Language Learners with IEPs. Another change is that the Head of School is now required to report only the final results of the annual assessments to the Board and public.

#### P3233 Political Activities (Recommended) (Revised)

This policy has been revised to change the term "County Board of Chosen Freeholders" to Board of County Commisioners," based on administrative code revisions. Other minor wording revisions have been included.

#### P5541 Anti-Hazing (Mandated) (New)

A new state law that went into effect on March 1, 2022 requires schools, including middle schools, to adopt an anti-hazing policy. This new policy includes definitions of hazing, reporting, investigations, involvement of law enforcement, and penalties. (If, after investigation, an incident appears to be HIB, the school would conduct a separate investigation for that. Also note that the NJDOE did not provide a lot of detail on investigating incidents, so Strauss Esmay recommends hazing claims be investigated using the same procedures as student code of conduct violations in Policy 5600. If the state releases additional guidance, Strauss Esmay will update the policy accordingly.

#### P & R 8465 Bias Crimes and Bias-Related Acts (Mandated) (Revised)

These have been updated to align with NJ administrative code and the Uniform State Memorandum of Agreement Between Education and Law Enforcement Officials addendum regarding bias acts. "Gender identification" and "national origin" have been added to the protected classes. "School property" has been changed to "school grounds." Reporting to law enforcement is now "prompt" instead of "immediate." (Note: there are some difference between the code and the MOU. Strauss Esmay has revised the guides to reflect the administrative code.)

#### P9560 Administration of School Surveys (Mandated) Revised)

When Strauss Esmay set up our policies and regulations in 2014, they duplicated P 2415.05 (see above). They are now separating the two documents – 2415.05 addresses Federal law and 9560, State Law. The policy has been re-written based on a new state statute allowing schools to

administer anonymous, voluntary surveys, evaluations, etc. concerning student health, behaviors, and relationship questions but only with parental permission. The new policy includes the process for informing parents and the topics that can be asked.

#### Μ

A concussion is a traumatic brain injury caused by a direct or indirect blow or motion to the head or body that disrupts the normal functioning of the brain and can cause significant and sustained neuropsychological impairments including, but not limited to, problem solving, planning, memory, and behavioral problems. In order to ensure the safety of students that participate in athletic competition. interscholastic athletics and cheerleading programs, it is imperative that student-athletes, cheerleaders, coaches and parents are educated about the nature and treatment of sports-related concussions and other head injuries. Allowing a student-athlete or cheerleader to return to athletics play before recovering from a concussion increases the chance of a more serious brain injury.

Every school that participates in interscholastic athletics or cheerleading programs is required to adopt a policy concerning the prevention and treatment of sports related concussions and other head injuries among student athletes and cheerleaders in accordance with the provisions of N.J.S.A. 18A:40-41.1 et seq. For the purpose of this Policy, "interscholastic athletics" athletic competition shall include middle school interscholastic athletic programs where school teams or squads play teams or squads from other schools, intramural athletic programs within a school, and any cheerleading program or activity in the school. "shall be fifth through eighth grade school sponsored athletic programs where teams or individuals compete against teams or individuals from other schools or school schools. For the purpose of this Policy, "cheerleading program" shall be fifth through eighth grade school-sponsored cheerleading programs.

The school will adopt an Interscholastic Athletic and Cheerleading Head Injury Training Program athletic head injury safety training program to be completed by the school physician, any individual who coaches in an athletic competition, an athletic trainer involved in any athletic competition, and the school nurse. to be completed by the team or school physician, licensed athletic trainer(s) involved in the interscholastic athletic program, all staff members that coach an interscholastic sport or cheerleading program, designated school nurses, and other appropriate school personnel as designated by the Head of School. This training program shall be in accordance with guidance provided by the New Jersey Department of Education and the requirements of N.J.S.A. 18A:40-41.2.

The Principal or designee The school shall annually distribute the NJDOOE-developed New Jersey Department of Education Concussion and Head Injury fact sheet regarding sports-related concussions and other head injuries to all parents of students participating in any athletic competition or practice and shall obtain a signed acknowledgment of the

receipt of the fact sheet by the student and their parent in accordance with N.J.S.A. 18A:40-41.2(c) and Parent/Guardian Acknowledgement Form to every student athlete who participates in interscholastic sports and every cheerleader who participates in a cheerleading program. The Principal or designee shall obtain a signed acknowledgement of the receipt of the Fact Sheet by the student athlete or cheerleader's parent and keep on file for future reference.

Prevention of a sports related concussion and head injuries is an important component of the school's program. The school may require pre season baseline testing of all student-athletes and cheerleaders before the student begins participation in an interscholastic athletic or cheerleading program.

Any student athlete or cheerleader who exhibits the signs or symptoms of a sports related concussion or other head injury during practice or competition shall be immediately removed from play and may not return to play that day. Emergency medical assistance shall be contacted when symptoms get worse, loss of consciousness, direct neck pain associated with the injury, or any other sign the supervising school staff member determines emergency medical attention is needed. If available when the student athlete or cheerleader is exhibiting signs or symptoms, the student will be evaluated by the school or team physician. The Principal or designee shall contact the student's parent and inform the parent of the suspected sports related concussion or other head injury.

Possible signs of a concussion can be observed by any school staff member or the school or team physician. Any possible symptoms of a concussion can be reported by the student-athlete or cheerleader to: coaches; licensed athletic trainer; school or team physician; school nurse; and/or parent. The Principal or designee shall provide the student-athlete or cheerleader with Board of Trustees approved suggestions for management/medical checklist to provide to their parent and physician or other licensed healthcare professional trained in the evaluation and management of sports related concussions and other head injuries.

A student who participates in an athletic competition or practice and who sustains or is suspected of sustaining a concussion or other head injury shall be immediately removed from athletic competition or practice. A student removed from athletic competition or practice shall not participate in further athletic competition or practice until they are evaluated by a physician or other licensed healthcare provider trained in the evaluation and management of concussions and receives written clearance from a physician trained in the evaluation and management of concussions to return to athletic competition or practice; and the student returns to regular school activities and is no longer experiencing symptoms of the injury when conducting those activities in accordance with N.J.S.A. 18A:40-41.4.

- 2. It is important for a student's parent(s) and coach(es) to watch for concussion symptoms after each day's "Return to Play Progression" activity. A student should only move to the next step if they do not have any new symptoms at the current step.
- 3. If a student's symptoms return or if they develop new symptoms, this is a sign that a student is pushing too hard. The student should stop these activities and the student's health care provider should be contacted. After more rest and no concussion symptoms, a student can start at the previous step if approved by the student's healthcare provider and provides written medical clearance to the school physician.

Upon the school physician's acceptance of the written medical release/clearance, the student athlete or cheerleader may begin a graduated return to competition and practice protocol supervised by a licensed athletic trainer, school or team physician, or designated school nurse trained in the evaluation and management of concussions and other head injuries. The following steps shall be followed:

Step 1 Completion of a full day of normal cognitive activities (attendance at school, studying for tests, watching practice, interacting with peers, etc.) without re emergence of any signs or symptoms. If there is no return of signs or symptoms of a concussion, the student athlete or cheerleader may advance to Step 2 below on the next day. If a reemergence of any signs or symptoms of a concussion occur, the student shall be required to have a re evaluation by their physician or licensed healthcare provider. The student shall not be permitted to begin the graduated return to competition and practice protocol until a medical clearance, as required in E.3. above, is provided and approved by the school or team physician.

Step 2 Light aerobic exercise, which includes walking, swimming, or stationarycycling, keeping the intensity less than 70% maximum\_ percentage heart rate. There shall be no resistance training. The objective of this Step is increased heart rate. If there is no return of any signs or symptoms of a concussion, the student-athlete or cheerleader may advance to Step 3 below on the next day. Step 5 The student's medical condition, upon completing Step 4 with no returnof any signs or symptoms of a concussion, shall be evaluated for medical clearance based upon consultation between the school's licensed athletic trainer, school or team physician, designated school nurse, and the student's physician. After this consultation and upon obtaining written medical release/clearance approved by the school or team physician, the student may participate in normal training activities. The objective of this Step is to restore the student's confidence and for the coaching staff to assess the student's functional skills. - 1. Rest is the best "medicine" for healing concussions or other head injuries. The concussed brain is affected in many functional aspects as a result of the injury. Memory, attention span, concentration, and speed of processing significantly impact learning. Further, exposing the concussed student to the stimulating school environment may delay the resolution of symptoms needed for recovery. Accordingly, consideration of the cognitive effects in returning to the classroom is also an important part of the treatment of sports-related concussions and head injuries.
- 2. Mental exertion increases the symptoms from concussions and affects recovery. To recover, cognitive rest is just as important as physical rest. Reading, studying, computer usage, testing, texting, and watching movies if a student is sensitive to light/sound, can slow a student's recovery. In accordance with the Centers for Disease Control's toolkit on managing concussions, the Board of Trustees may look to address the student's cognitive needs in the following ways. Students who return to school after a concussion may need to:

Program 2431.4/Page 1 of 3 PREVENTION AND TREATMENT OF SPORTS-RELATED CONCUSSIONS AND HEAD 2431.4 <u>PREVENTION AND TREATMENT OF SPORTS-RELATED CONCUSSIONS</u> AND HEAD INJURIES (M)

#### Μ

A concussion is a traumatic brain injury caused by a direct or indirect blow to the head or body. In order to ensure the safety of students that participate in interscholastic athletics and cheerleading programs, it is imperative that student-athletes, cheerleaders, coaches, and parents are educated about the nature and treatment of sports-related concussions and other head injuries. Allowing a student-athlete or cheerleader to return to play before recovering from a concussion increases the chance of a more serious brain injury.

Every school that participates in interscholastic athletics or cheerleading programs is required to adopt a policy concerning the prevention and treatment of sports-related concussions and other head injuries among student-athletes and cheerleaders in accordance with the provisions of N.J.S.A. 18A:40-41.1 et seq. For the purpose of this Policy, "interscholastic athletics" shall be fifth— Kindergarten through eighth grade school-sponsored athletic programs where teams or individuals compete against teams or individuals from other schools or school schools. For the purpose of this Policy, "cheerleading program" shall be Kindergarten fifth through eighth grade school-sponsored cheerleading programs.

The school will adopt an Interscholastic Athletic and Cheerleading Head Injury Training Program to be completed by the team or school physician, licensed athletic trainer(s) involved in the interscholastic athletic program, all staff members that coach an interscholastic sport or cheerleading program, designated school nurses, and other appropriate school personnel as designated by the Head of School. This Training Program shall be in accordance with guidance provided by the New Jersey Department of Education and the requirements of N.J.S.A. 18A:40-41.2.

The Principal or designee shall distribute the New Jersey Department of Education Concussion and Head Injury Fact Sheet and Parent/Guardian Acknowledgement Form to every student-athlete who participates in interscholastic sports and every cheerleader who participates in a cheerleading program. The Principal or designee shall obtain a signed acknowledgement of the receipt of the Fact Sheet by the student-athlete or cheerleader's parent and keep on file for future reference.

Prevention of a sports-related concussion and head injuries is an important component of the school's program. The school may require pre-season baseline testing of all student-athletes and cheerleaders before the student begins participation in an interscholastic athletic or cheerleading program.

Program 2431.4/Page 2 of 3 PREVENTION AND TREATMENT OF SPORTS-RELATED CONCUSSIONS AND HEAD

Any student-athlete or cheerleader who exhibits the signs or symptoms of a sports-related concussion or other head injury during practice or competition shall be immediately removed from play and may not return to play that day. Emergency medical assistance shall be contacted when symptoms get worse, loss of consciousness, direct neck pain associated with the injury, or any other sign the supervising school staff member determines emergency medical attention is needed. If available when the student-athlete or cheerleader is exhibiting signs or symptoms, the student will be evaluated by the school or team physician. The Principal or designee shall contact the student's parent and inform the parent of the suspected sports-related concussion or other head injury.

Possible signs of a concussion can be observed by any school staff member or the school or team physician. Any possible symptoms of a concussion can be reported by the student-athlete or cheerleader to: coaches; licensed athletic trainer; school or team physician; school nurse; and/or parent. The Principal or designee shall provide the student-athlete or cheerleader with Board of Trustees approved suggestions for management/medical checklist to provide to their parent and physician or other licensed healthcare professional trained in the evaluation and management of sports-related concussions and other head injuries.

A student-athlete or cheerleader who participates in interscholastic athletics or a cheerleading program and who sustains or is suspected of sustaining a concussion or other head injury shall be required to have a medical examination conducted by their physician or licensed health care provider. The student's physician or licensed health care provider and management of concussion to determine the presence or absence of a sports-related concussion or head injury.

The student's physician or licensed health care provider must provide to the school a written medical release/clearance for the student indicating when the student is able to return to the activity. The medical release/clearance must indicate the student-athlete or cheerleader is asymptomatic at rest and either may return to the interscholastic athletic activity or cheerleading program because the injury was not a concussion or other head injury or may begin the school's graduated return to competition and practice protocol outlined in Regulation 2431.4. A medical release/clearance not in compliance with this Policy will not be accepted. The medical release/clearance must be reviewed and approved by the school or team physician.

The school shall provide a copy of this Policy and Regulation 2431.4 to all youth sports team organizations that operate on school grounds. In accordance with the provisions of N.J.S.A. 18A:40-41.5, the school shall not be liable for the injury or death of a person due to the action or inaction of persons employed by, or under contract with, a youth

A staff member who uses live animals shall observe proper precautions for the safety of students and the animals. The Principal or designee must approve a live animal being brought into the school building and the use of any animal in a course of instruction or the establishment of an animal habitat in a classroom.

Any animal used in school must have been lawfully acquired in accordance with applicable State law and local ordinance. #### 5111 ADMISSIONS (M)

The Board of Trustees follows the following process for student recruitment and enrollment to the school:

Link Community Charter School's recruitment and marketing plan reflects the school's mission to provide an outstanding education for students of all abilities in the school's region of residence, which includes Newark, East Orange, Orange, and Irvington. The school's recruitment plan has been designed to ensure that the school's population is representative of the communities it serves in terms of academic, racial, ethnic and socio-economic backgrounds as well as including at-risk, special needs and English language learning students. Additionally the plan has been developed with the intent to not only comply with Federal and State statutes and administrative codes regarding discrimination, but to eliminate local influences that might either prejudice the admissions/enrollment process or lead parents/guardians to believe there is limited opportunity of enrollment for their child.

To ensure that the school represents a cross-section of the communities it serves, Link Community Charter School will adhere to the following policies in its recruitment of students:

- Recruitment and marketing will be accomplished throughout the school's region of residence only.
- All interested students in five Kindergarten through grade eight will be encouraged to apply. No child will be excluded based on "intellectual or athletic ability, measures of achievement or aptitude, status as a disabled person, proficiency in the English language, or any other basis that would be illegal if used by a school, either by policy or any other means."
- The admissions application will request the student's name, address (residency), contact information, parent/guardian names, sibling names (if applicable), grade level leaving and grade level applying for, date of the application and the parent/guardian signature. The application will not contain any information that could be considered to be discriminatory in any way.
  - During the admissions process, the only criteria for evaluating students to be admitted to the charter school will be proof of residency and age.

•

Students 5111/Page 2 of 4 ADMISSIONS (M)

There will be no information collected that could he interpreted as prejudicial or favorable to one student or another.

If the number of applications for a grade level exceeds the number of student seats available, a lottery drawing will be utilized for enrollment selection. It will be conducted publicly and will be facilitated by an impartial representative who has no vested interest in the outcome of the drawing.

To recruit a cross-section of the five Kindergarten through grade eight student population in the school's region of residence without discrimination and eliminating the potential for exclusion of applicants, Link Community Charter School will have a comprehensive marketing and information campaign in place. The campaign will use several strategies for reaching out to parents/guardians encouraging them to apply for their children and to help them make an informed choice about enrolling their child in the school.

Link Community Charter School's outreach campaign will include information packets, Open Houses, information sessions throughout the school's region of residence, direct mailings to residences in the four schools the school will serve, press releases and feature articles, advertisements (print and online media sources, public locations), and public service announcements on radio and cable television. Additionally the school will use social media, the school's website as well as Facebook and Twitter, for recruitment purposes. Each year Link Community Charter School will review the recruitment and marketing plan and make adjustments as needed.

The admissions policies and practices of Link Community Charter School ensure that all students entering Kindergarten five through grade eight from the school's region of residence will have equal access to enrollment, regardless of race, color, national origin, creed, sex, ethnicity and sexual orientation and with no prejudice based on "intellectual or athletic ability, measures of achievement or aptitude, status as a handicapped person, proficiency in the English language, or any other basis that would be illegal if used by a school, either by policy or any other means."

#### Admissions

Link Community Charter School will encourage, through its comprehensive marketing and information campaign, all families in the school's region of residence with children in Kindergarten five-through grade eight to apply to the school. The school will give enrollment preference to families residing in Newark, East Orange, Orange, and Irvington as well as siblings of currently enrolled students.

Students 5111/Page 3 of 4 ADMISSIONS (M)

The school will require that a family submits a Registration for the Lottery Form for each child applying to the school. The application will include only basic information (student's name, address (residency), contact information, parent/guardian names, sibling names if applicable, grade level this child is in currently and grade level applying for, date of the application and the parent/guardian signature.)

Link Community Charter School will enforce the same requirements and procedures followed by the school schools with regard to health records, immunization records, birth certificates, verification of residency, and student educational records, as well as guardianship documentation.

The school will not evaluate or assess applicants in any way during the admissions process. (Enrolled students will be assessed to determine their needs and strengths to provide them with proper instruction, including remediation and other resources if needed.)

At the time of conversion, Link Community Charter School will retain the students currently enrolled in Link Community School, regardless of residence. Siblings of current students will receive preference prior to the lottery for new students.

Lottery

Link Community Charter School will continue to accept applications until all of its seats are filled. If the school receives more applications for any grade than seats available, applicants will be entered into a lottery drawing, administered by an individual with no vested interest in the lottery. (N.J.A.C. 6A:11-4.4) The school will publicly announce the date, time and place of the lottery or lotteries.

The lottery will take place no later than March 15 of a given year. Additional lotteries may be run if space is still available. Families and their school schools (for transportation purposes) will be notified as quickly as possible after the lottery.

As a student's name is drawn and the student enrolls, all siblings otherwise eligible for enrollment will be automatically enrolled, assuming the availability of a seat in the grade required.

Once all seats are filled, a family orientation session will be held during which families will receive important information prior to the start of the new school year. All new students to the school will enter the summer semester.

Waiting List

### LINK COMMUNITY CHARTER SCHOOL BOARD OF TRUSTEES

Students 5111/Page 4 of 4 ADMISSIONS (M)

Link Community Charter School will draw all students' names in the lottery, but once the number of available seats has been filled, the remainder of the student names will be placed, in sequential order as drawn, on the Waiting List. The Waiting List is valid for the rest of the academic year and will be the only list from which students will be placed should a seat become available during the school year.

If a student withdraws from enrollment or if a student drops out during the school year, the parent/guardian of the next student on the Waiting List is contacted, and so on, until the seat is filled.

Open Recruitment

If there are not enough applications to hold a lottery for a particular grade, Link Community Charter School may open enrollment to students from the school's region of residency who did not participate in the lottery and students from schools outside the region of residence who have indicated an interest in attending the school. However, Link Community Charter School will not recruit outside its region of residence.

Μ

The Board of Trustees directs the assignment of students to the programs and classes of this school consistent with the best interests of students and the best uses of the resources of the school.

Students shall generally attend the school located in the attendance area of their residence. Every effort will be made to continue a student at Link Community Charter School once the student has been enrolled in that school.

The Head of School shall assign incoming transfer students provided class size requirements can accommodate the student's enrollment. The Principal may assign students in his/her school to grades, classes, and groups on the basis of the needs of the student as well as the sound administration of the school.

In accordance with the provisions of N.J.S.A. 18A:36-38.a.(1), a parent of twins or higher order multiples enrolled in the same fifth Kindergarten through eighth grade level at the same public school may request, in writing, the children be placed in the same classroom or in separate classrooms. The Principal shall make the classroom placement requested in accordance with the provisions of N.J.S.A. 18A:36-38.a.(1).

The written request must be submitted to the Principal no later than fourteen days after the first day of each school year. Parents of twins or higher order multiples enrolling after the school year commences shall request the classroom placement in writing no later than fourteen days after the first day of attendance.

In accordance with the provisions of N.J.S.A. 18A:36-38.(2)(b), a Principal may, after consultation with the students' parent and teachers at the end of the initial grading period, request the Board make a different classroom placement determination for the twins or higher order multiples if the initial classroom placement is determined to be disruptive to any of the students in the class or classes, or if the Principal concludes the initial placement does not sufficiently support the students' academic or social development. Upon receiving such request, the Board shall make a final classroom placement determination.

"Higher order multiples" means triplets, quadruplets, quintuplets, or larger group siblings born at one birth. In the event one of the twins or higher order multiples receives special education services, the requested placement shall not be accommodated if the placement is inconsistent with a student's Individualized Education Plan.

The suspended student may be reinstated by the Principal or by the Head of School prior to the second regular meeting of the Board following the suspension, unless the Board reinstates the student at the first regular meeting. No student suspended for reasons of assault upon a person in authority may be reinstated before the Board has held a hearing, within thirty calendar days of the suspension, to consider that student's expulsion from school. At its second regular meeting after the suspension and thereafter, the Board alone may reinstate the student or continue the suspension.

In accordance with the provisions of N.J.S.A. 18A:37-2a, a student in Kindergarten through grade two shall not receive an out-of-school suspension, except when the suspension is based on conduct that is of a violent or sexual nature that endangers others. These services shall be provided within five school days of the suspension. #### 5339 SCREENING FOR DYSLEXIA (M)

In accordance with the provisions of N.J.S.A. 18A:40-5.1 et seq., the Board of Trustees shall ensure each student enrolled in the school who has exhibited one or more potential indicators of dyslexia or other reading disabilities is screened for dyslexia and other reading disabilities using a screening instrument selected pursuant to the provisions of N.J.S.A. 18A:40-5.2. This screening shall be administered no later than the student's completion of the first semester of the second grade.

In the event a student has no record of being screened for dyslexia or other reading disabilities, prior to enrollment at the school, pursuant to N.J.S.A. 18A:40-5.2, the Board shall ensure the newly-enrolled student is screened for dyslexia and other reading disabilities using a screening instrument selected pursuant to N.J.S.A. 18A:40-5.2. This screening shall be administered at the same time other students enrolled in the student's grade are screened for dyslexia and other reading disabilities, or if other students enrolled in the student's grade have previously been screened, within ninety calendar days of the date the student is enrolled in the school. The screening shall be administered by a teacher or other teaching staff member properly trained in the screening process for dyslexia and other reading disabilities.

For the purposes of this Policy, dyslexia means a specific learning disability that is neurobiological in origin. It is characterized by difficulties with accurate and/or fluent word recognition and by poor spelling and decoding abilities. These difficulties typically result from a deficit in the phonological component of language that is often unexpected in relation to other cognitive abilities and the provision of effective classroom instruction. Secondary consequences may include problems in reading comprehension and reduced reading experience that can impede growth of vocabulary and background knowledge.

For the purposes of this Policy, "potential indicators of dyslexia or other reading disabilities" means indicators that include, but shall not be limited to, difficulty in acquiring language skills; inability to comprehend oral or written language; difficulty in rhyming words; difficulty in naming letters, recognizing letters, matching letters to sounds, and blending sounds when speaking and reading words; difficulty recognizing and remembering sight words; consistent transposition of number sequences, letter reversals, inversions, and substitutions; and trouble in replication of content.

In accordance with the provisions of N.J.S.A. 18A:40-5.2(a), the Commissioner of Education shall distribute to each Board of Trustees information on screening instruments available to identify students who possess one or more potential indicators of dyslexia or

other reading disabilities. The Commissioner shall provide information on the screening instruments appropriate for Kindergarten through grade two students and on screening instruments that may be suitably used for older students. The Board shall select and implement age-appropriate screening instruments for the early diagnosis of dyslexia and other reading disabilities.

In accordance with provisions of N.J.S.A. 18A:40-5.2(b), the Commissioner shall also develop and distribute to each Board of Trustees guidance on appropriate intervention strategies for students diagnosed with dyslexia or other reading disabilities.

In the event a student is determined, through the screening conducted in accordance with N.J.S.A. 18A:40-5.3, to possess one or more potential indicators of dyslexia or other reading disabilities pursuant to the provisions of N.J.S.A 18A:40-5.1 et seq., the Board shall ensure the student receives a comprehensive assessment for the learning disorder. In the event a diagnosis of dyslexia or other reading disability is confirmed by the comprehensive assessment, the Board shall provide appropriate evidence-based intervention strategies to the student, including intense instruction on phonemic awareness, phonics and fluency, vocabulary, and reading comprehension.

In accordance with the provisions of N.J.S.A. 18A:6-131, general education teachers, special education teachers, basic skills teachers, English as a second language teachers, reading specialists, learning disabilities teacher consultants, and speech-language specialists are required to complete at least two hours of professional development each year on the screening, intervention, accommodation, and use of technology for students with reading disabilities, including dyslexia. The Board may make these professional development opportunities available to other instructional or support staff members as the Board deems appropriate. This requirement for professional development in reading disabilities may be part of the twenty hours of annual professional development required by N.J.A.C. 6A:9C et seq. Documentation of teachers' fulfillment of this professional development required in the school.

Μ

The Board of Trustees recognizes that efficient school operations require an accurate and up to date accounting of the number of students resident in this school community and enrolled in school classes and programs.

Student attendance shall be recorded in the school register during school hours on each day the school is in session. Separate registers shall be kept for students attending Kindergarten, grades one through five, five grades 6 through eight, each class for the disabled, shared-time classes for regular students, shared-time classes for students with disabilities, full-time bilingual education programs and vocational day programs, summer schools operated by the school, and any other programs as required by the New Jersey Department of Education and N.J.A.C. 6A:32-8.1(d).

A student who has been placed on home instruction shall have his or her attendance status recorded on the regular register attendance pages for the program in which the student is enrolled. For the period beginning the first day the student is unable to attend school and ending the day before the first instructional day at the student's place of confinement, the student shall be marked absent. No absences will be recorded for the student while on home instruction, providing the hours of instruction are no less than required by N.J.A.C. 6A:14-4.8 and 4.9. The number of possible days of enrollment for a student on home instruction shall be the same as for other students in the program in which the student is enrolled.

Such records shall be made and maintained as will enable the Board to plan program and facilities development, to make appropriate allocation of school resources, and receive the school's maximum amount of State and Federal aid.

The Head of School or designee shall annually and in accordance with the timelines established by the Commissioner, file a report with the Commissioner stating the school's enrollment.

## Operations 8601/Page 1 of 3 STUDENT SUPERVISION AFTER SCHOOL DISMISSAL (M)

### 8601 STUDENT SUPERVISION AFTER SCHOOL DISMISSAL (M)

The Board of Trustees adopts this Student Supervision After School Dismissal Policy as a result of the New Jersey Supreme Court's decision in *Joseph Jerkins, an infant by his Guardian Ad Litem, Charles Jerkins; Charles Jerkins and Toni Jerkins, individually, v. Soweto Anderson; Kemba N. Anderson; John Does 1-10 (fictitious individuals) and ABC Corporations 1-10 (fictitious entities), and Board of Education of Pleasantville Public Schools and Rosemary Clarke.* 

The New Jersey Supreme Court, in Jerkins, indicated dangers exist for younger students at dismissal as children are susceptible to numerous risks, including negligent conduct, when leaving school property. Because of these risks, the Board of Trustees adopts and requires the implementation of Policy 8601 for the supervision of younger students after dismissal. The supervision provisions of Policy Guide 8601 are applicable to parents or legal guardians of students attending school-operated programs in Kindergarten through grade five who are not eligible for school-provided transportation after dismissal.

Any parent(s) or legal guardian(s) of a student attending a school-operated school or program in Kindergarten through grade five, where the student is not eligible for school-provided transportation or is eligible and elects not to use school-provided transportation after dismissal may request the school or program not release the student to walk home after dismissal unless the student is released to the parent(s) or legal guardian(s) or escort(s) designated by the parent(s) or legal guardian(s). The parent(s) or legal guardian(s) designated escort(s) must be at least eighteen years old. The parent(s) or legal guardian(s) requesting their child(ren) only be released to a parent(s) or legal guardian(s) or parent(s) or legal guardian(s) designated escort after dismissal must submit a completed Request for Supervision at Dismissal from School Form to the Principal or designee, or program administrator.

The Form shall be made available to parent(s) or legal guardian(s) in the beginning of the school year in the student registration packet.

Only those parents or legal guardians requesting the school or program not release their child(ren) to walk home after school dismissal unless the child(ren) is released to the parent(s) or legal guardian(s) or designated escort need to complete the Request Form.

In order for the school administration to effectively implement the requirements of this Policy and to ensure the safety and security of students that will be released to a parent(s)

or legal guardian(s) or designated escort, the parental request shall be applicable for every school day and shall apply for a duration period of the entire school year. The Request Form must be re-submitted at the end of the duration period. In addition, a parent(s) or legal guardian(s) may rescind their Request by submitting a written request to the Principal or program administrator indicating the date in which the parent(s) or legal guardian(s) no longer requests the school provide supervision of their child(ren) after school dismissal. The child(ren) will be dismissed in accordance with typical dismissal protocol effective the date indicated in the rescinding request.

The Principal or designee, or program administrator upon receiving the Request for Supervision at Dismissal from School Form, shall notify the appropriate school staff member(s) who has supervision of the student at dismissal time at the end of the school day of the parent's or legal guardian's request. The supervising staff member that receives such notice shall retain supervision of the student when other students are dismissed from school at the end of the school day.

The Principal or program administrator will develop and implement a written Student Supervision After School Dismissal Plan for their school building or program location. This Plan shall include the school building's or program's supervision procedures for students at the end of the school day to the designated area in the school building or program and the location of the designated area in the school building or program. The Plan shall be based on the school's or program's ability to provide supervision, the accessibility for the parent(s) or legal guardian(s) or designated escort to pick-up the child without disrupting dismissal of the remaining school population, and other considerations unique to the school building or program location. The school's or program's Student Supervision After School Dismissal Plan shall be provided to all parent(s) or legal guardian(s) that have submitted a Request Form.

In the event the parent(s) or legal guardian(s) or designated escort does not arrive to pick up their child(ren) after the dismissal time of school, the Principal or designee will attempt to contact the parent(s) or legal guardian(s) using the school's emergency call procedures.

The student(s) shall be supervised by school staff in the designated area of the building and will only be released when the parent(s) or legal guardian(s) or designated escort arrives to pick up the student.

In order to ensure the safety of other students being dismissed from school in accordance with typical school dismissal protocol, to limit interaction of parent(s) or legal guardian(s) or designated escorts with other students within the building, and to avoid traffic and vehicular safety problems outside the school building, the Principal or

program administrator may prohibit the parent(s) or legal guardian(s) or designated escort from entering the school building until a time period after school has dismissed or until school buses and other vehicular traffic have cleared the school site. This determination shall be made by the Principal or program administrator after considering the unique circumstances at the school building and the building's typical dismissal protocol.

In the event of an emergency such that, when an unforeseen event prevents a parent or legal guardian or designated escort from arriving for the child(ren) at dismissal within fifteen minutes after the dismissal time, the student will remain in the school supervised by school staff until the parent(s) or legal guardian(s) or designated escort arrives and signs the student out of school. If the parent or designated escort does not come to the school within one hour of dismissal, the Newark Police Department will be contacted to transport the child to the Police Station where the child will be held until the parent or designated escort will pick up the child.

The school will provide parent(s) or legal guardian(s) information regarding any supervised after-school services, if any, that may be available to students at the school's facilities after formal school dismissal.

This Policy shall be published in student/school handbooks. In addition, the school shall provide to parent(s) or legal guardian(s) in the beginning of the school year, the school's calendar to include the starting and dismissal times for full session, half-session, and early dismissal days due to weather or other emergencies. Parent(s) or legal guardian(s) shall be required to return to the school a signed acknowledgement of receipt of the student/school handbook, which shall include this Policy and the school calendar. In addition, any changes to the school's calendar made during the school year shall also be provided to parent(s) or legal guardian(s).

FINANCE CHARGES: Although the Bank uses the Daily Balance method to calculate the finance charge on your Moneyline/Overdraft Protection account (the term "ODP" or "OD" refers to Overdraft Protection), the Bank discloses the Average Daily Balance on the periodic statement as an easier method for you to calculate the finance charge. The finance charge begins to accrue on the date advances and other debits are posted to your account and will continue until the balance has been paid in full. To compute the finance charge, multiply the Average Daily Balance times the Days in Period times the Daily Periodic Rate (as listed in the Account Summary section on the front of the statement). The Average Daily Balance is calculated by adding the balance for each day of the billing cycle, then dividing the total balance by the number of Days in the Billing Cycle. The daily balance is the balance for the day after advances have been added and payments or credits have been subtracted plus or minus any other adjustments that might have occurred that day. There is no grace period during which no finance charge accrues. Finance charge adjustments are included in your total finance charge.

#### TRUTH-IN-LENDING ACT DISCLOSURES

#### HOW WE DETERMINE THE BALANCE ON WHICH YOUR FINANCE CHARGE IS CALCULATED

We figure the Finance Charge in your account by applying the DAILY PERIODIC RATE to the "Average Daily Balance", we take the beginning balance of your account each day, add any new advances of credit, and then subtract any payments or credits. This gives us the daily balance. We then add up all the daily balances for the Billing Cycle and divide the total by the number of days in that same Billing Cycle. This gives us the "Average Daily Balance" Once the Average Daily balance is determined, we then calculate the Finance Charge on your account by: (i) multiplying the Average Daily Balance by the applicable DAILY PERIODIC RATE; and (ii) multiplying the results by the number of days in the Billing Cycle.

FINANCE CHARGES: Although the Bank uses the Daily Balance method to calculate the finance charge on your Moneyline/Overdraft Protection account (the term "ODP" or "OD" refers to Overdraft Protection), the Bank discloses the Average Daily Balance on the periodic statement as an easier method for you to calculate the finance charge. The finance charge begins to accrue on the date advances and other debits are posted to your account and will continue until the balance has been paid in full. To compute the finance charge, multiply the Average Daily Balance times the Days in Period times the Daily Periodic Rate (as listed in the Account Summary section on the front of the statement). The Average Daily Balance is calculated by adding the balance for each day of the billing cycle, then dividing the total balance by the number of Days in the Billing Cycle. The daily balance is the balance for the day after advances have been added and payments or credits have been subtracted plus or minus any other adjustments that might have occurred that day. There is no grace period during which no finance charge accrues. Finance charge adjustments are included in your total finance charge.

We will investigate your complaint and will correct any error promptly. If we take more than ten (10) business days to do this, we will credit your account for the amount you think is in error, so that you have the use of the money during the time it takes to complete our investigation.

#### INTEREST NOTICE

Total interest credited by the Bank to you this year will be reported by the Bank to the Internal Revenue Service and State tax authorities. The amount to be reported will be reported separately to you by the Bank.

#### FOR CONSUMER LOAN ACCOUNTS ONLY - BILLING RIGHTS SUMMARY

In case of Errors or Questions About Your Bill:

If you think your bill is wrong, or if you need more information about a transaction on your bill, write us at P.O. Box 1377, Lewiston, Maine 04243-1377 as soon as possible. We must hear from you no later than sixty (60) days after we sent you the FIRST bill on which the error or problem appeared. You can telephone us, but doing so will not preserve your rights. In your letter, give us the following information:

- Your name and account number.
- The dollar amount of the suspected error.
- Describe the error and explain, if you can, why you believe there is an error. If you need more information, describe the item you are unsure about.

You do not have to pay any amount in question while we are investigating, but you are still obligated to pay the parts of your bill that are not in question. While we investigate your question, we cannot report you as delinquent or take any action to collect the amount you question.

FINANCE CHARGES: Although the Bank uses the Daily Balance method to calculate the finance charge on your Moneyline/Overdraft Protection account (the term "ODP" or "OD" refers to Overdraft Protection), the Bank discloses the Average Daily Balance on the periodic statement as an easier method for you to calculate the finance charge. The finance charge begins to accrue on the date advances and other debits are posted to your account and will continue until the balance has been paid in full. To compute the finance charge, multiply the Average Daily Balance times the Days in Period times the Daily Periodic Rate (as listed in the Account Summary section on the front of the statement). The Average Daily Balance is calculated by adding the balance for each day of the billing cycle, then dividing the total balance by the number of Days in the Billing Cycle. The daily balance is the balance for the day after advances have been added and payments or credits have been subtracted plus or minus any other adjustments that might have occurred that day. There is no grace period during which no finance charge accrues. Finance charge adjustments are included in your total finance charge.
