REMINDERS:

- All Chromebooks and chargers distributed for home use were due back to Link by Friday, June 9th. If you have not returned both items, please do so IMMEDIATELY. **Scholars will not receive diplomas or end of year report cards until they are returned. It is very important that we have all items back to school so we can prepare them for next year.**

ATTENTION PARENTS OF 8TH GRADERS: June 22nd GRADUATION DAY EVENTS

An email about **GRADUATION EVENTS** was sent to parents of our graduating 8th graders about the Graduates Awards Ceremony and Breakfast at 9 am on Thursday, June 22 and the Graduation Ceremony on the same day at 6 pm. (The same document is on the parent page of Link's website.) Please read through it carefully so you and your child can prepare for both events.

Also, please note that graduation practice will take place during the half day sessions on Tuesday, June 20 and Wednesday, June 21. Please make certain your scholars are in attendance so the ceremony on Thursday evening goes smoothly. Your tickets to the ceremony will be handed out during one of the practice sessions.

DONATE USED UNIFORMS

If your child is graduating from Link or has outgrown their uniform, please send them in to Link to be donated to other families. We seek any gently used garments that you wash before you send in to the school.

6th GRADE TRIP TO LIBERTY SCIENCE CENTER

Scholars and staff had a fantastic time at the Liberty Science Center this past Tuesday! They participated in some interactive exhibits. They also went to the planetarium and saw a movie called "Out of This World," which took them on a virtual journey to all the planets, the sun, and the moon.

7TH GRADE TRIP TO SANDY HOOK

The weather on Wednesday held long enough for students to explore the bay side of Sandy Hook. They seined in the bay and found hermit crabs, shrimp, fish, and a few other creatures. After observing them for a time, they tossed them back into the bay. Scholars had lots of fun learning about NJ based marine life.

8TH GRADE CLASS TRIP

Our 8th graders had loads of fun on their class trip! They spent time (and energy!) at Dave & Busters on a wide array of video, arcade, and tabletop games and then moved on bowling and lunch at an alley in Paramus. Students were very positive about this– their last social event/field trip at Link.
